Review and Results of Operations

Jumbuck Entertainment Ltd - Consolidated Group

- The principal activities of Jumbuck Entertainment Ltd (Jumbuck) during the half year ended 31 December 2013 were:
 - the continued provision of global chat and dating communities to carriers;
 - the migration and deployment of global chat communities on popular smart phones platforms; and
 - commercial solutions focused on mitigating social media risks including brand protection and reputation management.
- On 4 October 2013, the Company announced plans to leverage Jumbuck's existing assets to re-focus the business, to be
 renamed "Primary Opinion", as the leading global information and networking community for business professional advisers
 in the Financial Services, Tax & Accounting, Legal, HR and Regulatory & Compliance sectors.
- To support the implementation of Primary Opinion, the Company sought to raise \$3.0 million through the issue of 250,000,000 ordinary shares at an issue price of \$0.012, with the raised funds to be principally used to fund the establishment of Primary Opinion.
- The Company announced that Mr Martin Burke, formerly of Melbourne IT Ltd (where he led its international digital brand services division), would lead Jumbuck through the implementation of Primary Opinion. Mr Burke's appointment was subject to shareholder approvals in connection with the capital raising, as well as in connection with the sign-on and incentive arrangements agreed between the Company and Mr Burke.
- Following the required shareholder approvals at the Annual General Meeting of the Company on 11 December 2013, the new Primary Opinion business, the new CEO, and the new leadership team would all be London based.
- On 11 December 2013, the Company also announced plans to implement a share purchase plan to allow all shareholders the opportunity to participate in the Primary Opinion initiative through the acquisition of further shares in the Company.
- At 31 December 2013, the Company had received proceeds of \$2,745,000 from subscribers, with the balance received during January 2014.
- Total Consolidated Revenue for the half year ended 31 December 2013 was \$903,474 (2012: \$1,569,066), a decrease of 42%. The decline in revenue during the period was driven by the following key factors:
 - structural changes associated with carriers shifting from paying for data traffic to sharing end user revenues:
 - structural changes to premium SMS billing services to improve compliance with both regulatory and carrier requirements: and
 - the reduction in partner and consumer support for Jumbuck's traditional mobile carrier-based chat businesses.
- During the period, Jumbuck's review of resources against forecast revenues led to a reduction in staff and other costs in Jumbuck's traditional mobile carrier-based chat business. These revenue-generating products continue to be supported as the company continues to streamline its consumer-chat portfolio. Further savings were also made around Jumbuck's interactive, moderated video broadcast platform to better align its remaining resources in this segment.
- Total Operating Costs for the half year ended 31 December 2013 were \$1,922,473 (2012: \$9,032,080).
 - Total current period Operating Costs include non-recurring expenses of \$224,933 (2012: \$6,118,850) associated with restructuring costs of \$29,758 (2012: \$326,805), \$54,791 due to the write down of fixed assets and \$160,384 for employee share based payments. Excluding these non-recurring expenses, Total Operating Expenses fell 42% to \$1,677,540 when compared to the same period last year.
- Loss after Tax for the half year ended 31 December 2013 was \$935,944 (2012: \$7,878,904 loss).
- Earnings Before Interest, Tax, Depreciation and Amortisation (EBITDA) for the half year ended 31 December 2013 was \$995,475 loss (2012: \$7,038,198 loss).
- Earnings Before Interest and Tax (EBIT) for the half year ended 31 December 2013 was \$1,027,324 loss (2012: \$7,508,026 loss).
- Cash and cash equivalents as at 31 December 2013 was \$3,407,488 (30 June 2013: \$1,199,044).
- Operating Cashflow for the half year ended 31 December 2013 was \$371,570 negative (2012: \$1,062,885 negative).
- At the 21 February 2014 Board Meeting, the directors did not declare any final dividend on ordinary shares in respect of the half year ended 31 December 2013 (2012: Nil).

REVIEW OF OPERATIONS AND SIGNIFICANT CHANGES IN STATE OF AFFAIRS

The financial performance of Jumbuck Entertainment Ltd for the half year ended 31 December 2013 as outlined in the Review of Operations section within the Appendix 4D is disappointing. However, underlying this result, the consolidated entity is still positioned to rebuild its revenue and profitability.

During the last 6 months, the Company announced plans to leverage Jumbuck's existing assets to re-focus the business, to be renamed "Primary Opinion", as the leading global information and networking community for business professional advisers in the Financial Services, Tax & Accounting, Legal, HR and Regulatory & Compliance sectors.

To support the implementation of Primary Opinion, the Company sought to raise \$3.0 million through the issue of 250,000,000 ordinary shares at an issue price of \$0.012, with the raised funds to be principally used to fund the establishment of Primary Opinion.

The Company believes that the Underlying Loss and Operating EBIT provide a better understanding of its financial performance and allows for a more relevant comparison between financial periods.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2013 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Jumbuck Entertainment Ltd, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

On 4 October 2013, the Company announced that Mr Martin Burke would lead Jumbuck through the implementation of Primary Opinion. Mr Burke's appointment was subject to shareholder approvals in connection with the sign-on and incentive arrangements agreed between the Company and Mr Burke. Following the required shareholder approvals 18,870,491 Options were issued to Mr Burke on 13 December 2013.

The options to acquire shares in the Company on issue at 31 December 2013 have also been adjusted to reflect the completion of the consolidation on 20 January 2014, with the result being a decrease in the number of options on issue (and a corresponding decrease in the number of shares to which the options may convert) and an amendment to the terms of those options to increase the exercise price of each.

Note 8 SEGMENT REPORTING

AASB 8 requires operating segments to be identified on the basis of internal reports about components of the consolidated entity that are regularly reviewed by the Chief Operating Decision Makers in order to allocate resources to the segment and to assess its performance.

Information reported to the Chief Operating Decision Makers for the purposes of resource allocation and assessment of performance is more specifically focused on each group of products. The reportable segments under AASB 8 are therefore as follows:

- Consumer Chat Communities
- Primary Opinion
- Other

The Consumer Chat Communities segment includes Mobile Chat, Fast Flirting and SMS products relating to mobile chat and dating services.

The Primary Opinion segment includes Jumbuck's new global information and networking community for business professional advisers in the Financial Services, Tax & Accounting, Legal, HR and Regulatory & Compliance sectors.

Included in 'Other' are location; context based; professional services revenues and social media moderation.

Information regarding these segments is presented below. The accounting policies of the reportable segments are the same as the consolidated accounting policies.

The following is an analysis of the consolidated entity's revenue and results by reportable operating segment for the periods under review:
